About Me

Driven **Frontend Developer** I am a passionate **3rd-year Computer Science student pursuing a B.Tech degree**, with a strong focus on creating intuitive, responsive, and visually captivating user interfaces. My expertise in frontend technologies such as **HTML, CSS, JavaScript**, and **React.js** allows me to design seamless digital experiences that prioritize both functionality and aesthetics. Through various hands-on projects, I have honed my technical skills while blending creativity to solve real-world challenges.

Experience

Seeking a beginner role to enhance and explore my technical knowledge gained at **AKTU University** in the last two years. I hold a B.Tech degree from **Ajay kumar garg engineering college ghaziabad** and won the quiz challenge held at the campus.
